• Speakers may not address confidential student or personnel matters, but may submit such concerns to the board in writing.
• Speakers are encouraged to provide the board with a written copy of their comments and other appropriate supporting documentation, which will be copied and distributed as needed to appropriate staff/personnel.

XI. Comments by Trustees
Trustee Moore stated that the policy committee had also discussed the proposed new website. She asked Ms. Coney if the home access center for parents and families would still look the same as it did currently. Ms. Coney stated that it would stay the same.

Trustee Jackson stated that he had appreciated all of the community support including parents, stakeholders, staff, and retired educators for being an important part of the superintendent search. He noted how much he looked forward to literacy night on March 4 for elementary schools and March 5 for middle schools.

Trustee Hill stated that she had recently learned about Sisters in Science, a Kalamazoo College student organization that encourages girls to seek an education and career in the sciences. She noted that Kalamazoo College students volunteer at Northglade Montessori Magnet School and provide hands-on lessons, experiments, and field trips that nurture interest in science, technology, engineering, and math (STEM) fields.
Trustee Hill stated that she had attended a National School Board Association (NSBA) advocacy conference on February 2 along with 70 other constituents from Michigan. She noted that they had discussed the Individuals with Disabilities Education Act (IDEA), Title V funding, the teacher shortage, English Language Learners (ELL), and special education.

Trustee Harrison stated that she, too, had attended the NSBA advocacy conference with Trustee Hill and had been amazed at how many people serve in the capacity of a school board member. She noted that they had discussed a homework gap and how many students needed to go to public establishments for free Wi-Fi to do their homework and complete necessary forms such as the Free Application for Federal Student Aid (FAFSA). Trustee Harrison shared that some districts were turning their school buses into hot spots so that children could connect and do their homework on the bus. She expressed her condolences to the family of Juanita Goodwin who had recently passed away.

Trustee Morris thanked Executive Supervisor of Facilities Management Karen Jackson and Susan Coney for all of their hard work over the past six months.

President Sholler-Barber stated that she was excited about the proposed KPS website. She noted that there would be a presentation on the new website at a future board meeting. President Sholler-Barber thanked Lead Art Teacher Mandy Clearwater for replacing all of the beautiful artwork in the board conference room.

Ms. Bergan shared that she had attended “I Got This”, a program discussing awareness and issues associated with teen trauma, on February 8 at Mr. Zion Baptist Church. She noted that this program helped parents, youth, and the community understand what teen trauma looks like and what signs to look for. Ms. Bergan stated that parents shared information on how to parent in this day and age and how to not miss these signs.

Comments by the Interim Superintendent
Mr. Start stated that Ms. Juanita Goodwin had always been an inspiration to him and offered his condolences to her family. He thanked Ms. Jackson and Ms. Coney for all of their hard work this past six months. Mr. Start also thanked voters for their support of bonds and education in our community. He shared that Governor Whitmer had released her budget last week and that it supported a weighted study showing that different children have different needs, and that different needs have different budgets.

XIII. President Sholler-Barber announced the next regular Board of Education meeting date: Thursday, February 27, 2020 at 7:00 p.m.

Board of Education
I. Call to Order
President Sholler-Barber called the February 17, 2020 Special Board of Education meeting to order at 6:16 p.m. in the Board Room of the Administration Building, 1220 Howard Street.

II. Pledge of Allegiance
The Pledge of Allegiance was recited.

III. Attendance
Board members present: Ken Greschak, TiAnna Harrison, Jennie Hill, Jermaine Jackson, Tandy Moore, Jason Morris, and Patti Sholler-Barber.

IV. Reports and Recommendations
Michigan Association of School Boards (MASB) Director of Leadership Development and Executive Search Services Greg Sieszputowski presented the following potential superintendent candidate to the board:

The following questions were presented to the candidate:
1. You had the opportunity to tour the district today and meet with some of our stakeholders. What stood out for you about the experience?
2. What is your approach to furthering the development of a highly effective leadership team? How will you evaluate the success of your approach?
3. What potential concerns do you have about this position?
4. As superintendent, how will you determine when to inform the board of education versus engaging us in actual decision-making?
5. From your past experience, what strategies or programs have you used to increase literacy for all students?
6. Describe your experience as an educational advocate at the local, state or national level.
7. Because education and the external environment are constantly changing, our superintendent should be forward-looking and anticipate and plan ahead for those changes. Share your approach to monitoring and organizing appropriate responses to changes in these environments and provide an example of when you’ve done so.
8. Kalamazoo County has recently passed a bond to build a Career and Tech Center. How would you go about working with the RESA to help determine what would be the best way for KPS students to make use of this future facility? Who would you include as partners from the community?
9. What are your plans to recruit more teachers of color into the district?
10. In the past decade and a half, districts across the country have begun to embrace a philosophy of restorative practices relating to student behavior, and results are mixed. While we know that punitive discipline doesn’t result in better outcomes for students, many teachers and parents feel that the shift toward restorative justice in lieu of suspensions has created unsafe learning environments and overburdened teachers who, without adequate tools and supports, are unable to fully apply, and benefit from, the approach. Describe your vision of district-wide restorative culture. How would you endeavor to build a more comprehensive framework of support for restorative practices in Kalamazoo amidst a school
funding crisis that has crippled our ability to provide many of the social and emotional supports our kids need?

11. What have you specifically done to improve the graduation rates for black and brown male students? How have those efforts impacted the school to prison pipeline?

12. Tell me about a time when you faced a strained or broken important relationship, whether or not it was of your own doing, how did you go about repairing it?

13. What is your understanding of the Read by Grade Three law? How will you ensure our efforts to comply with the law do not adversely impact the students and families we are trying to serve?

14. Given the impact of social media-induced tensions, neighborhood issues, and other challenges high school students have that affects the culture and climate in our high schools what measures, programs or initiatives would you introduce to help alleviate these anxieties that often provoke disruptive behavior?

15. What steps would you take as superintendent to have a positive effect on college going culture, helping students achieve their goal of going to college, career and tech school, or into employment?

16. What has been our experience with the increasing presence of armed law enforcement in public schools? If you feel that SRO presence is necessary, what training should be required of officers who work in the school environment and what measures should be taken to ensure transparency and accountability to parents, students, and all other KPS stakeholders?

17. Mental health awareness is in the spotlight for its importance in overall health of students. Could you outline a plan that would work in a public school setting to help identify students with mental health issues?

V. Persons Requesting to Address the Board

President Sholler-Barber read Policy 1.2 and shared the public participation guidelines:

- Persons requesting to address the board will be asked to complete a sign-in sheet by the end of the public comment period. The portion of that sign-in sheet requiring completion will include: name, school district in which the person resides, and connection to/interest in the Kalamazoo Public Schools. The optional portion will be held private and will include: mailing address, email address, phone number, topic about which they will be speaking and, if authorized and applicable, the organization they represent.

- The presiding board officer will invite persons to come to the podium in the order in which the sign-in sheets were completed.

- If after 30 minutes everyone who has completed a sign-in sheet has not had the opportunity to address the board, the public comment period will be tabled and resume before adjournment.

- Speakers have three minutes each and must stop speaking promptly when signaled.

- Speakers may not address confidential student or personnel matters, but may submit such concerns to the board in writing.

- Speakers are encouraged to provide the board with a written copy of their comments and other appropriate supporting documentation, which will be copied and distributed as needed to appropriate staff/personnel.

- The public is required to exercise common courtesy during the meeting and must follow rule of order. The presiding board officer may terminate public comments that are profane, vulgar, or defamatory, especially if these comments result in a disturbance or breach of peace. Personal attacks against an employee or board member that are totally unrelated to his or her duties are prohibited. If a person engages in disruptive conduct or is out of order, the board presiding officer will strike his or her gavel and warn the person to discontinue their behavior. Further disruptions will result in the person being asked to leave. Refusal to leave will result in being escorted out of the building. (MCL 380.1808)
William Santilli, 322 Prospect, Kalamazoo, stated that as the board moves forward to make such an important decision of selecting a new superintendent he hoped that passion and compassion would be at the forefront of their decision making process.

Nicholas Mion, 1838 S 4th Street, Kalamazoo, stated that he appreciated all of the hard work that the board was doing during this important process of hiring a new superintendent. He noted his concern of noticing a strong disconnect of students with handicaps in the work force.

The following questions were presented to the candidate:

2. What is your approach to furthering the development of a highly effective leadership team? How will you evaluate the success of your approach?

6. Describe your experience as an educational advocate at the local, state or national level.
7. Because education and the external environment are constantly changing, our superintendent should be forward-looking and anticipate and plan ahead for those changes. Share your approach to monitoring and organizing appropriate responses to changes in these environments and provide an example of when you’ve done so.
