She noted that she was excited to see the presentations from the superintendent search firms. Ms. Weber asked that KPS please schedule these interviews in the evening to allow working parents to attend. She stated that she supported the conversation regarding the proposed resolution regarding Immigration Customs Enforcement. Ms. Weber noted that it was important to keep students safe in KPS schools.

IX. Reports and Recommendations
A. Turn 2 Foundation Presentation
Interim Superintendent Gary Start read the recommendation for the board to approve the donation of approximately $3.2 million from the Turn 2 Foundation to renovate the baseball and softball fields at Kalamazoo Central High School. He stated that it was further recommended that the board authorize himself, Gary Start, to execute the applicable documents.

MOTION: Moved by Trustee Harrison, supported by Trustee Morris, to approve the recommendation as presented.

Disposition: Roll call vote: motion carried, 6-yes, 0-no, 0-abstentions.

Board discussion:
Trustee Hill stated that the Turn 2 Foundation had been very generous to KPS over the years.

President Sholler-Barber stated that she was very grateful that these funds would also provide for the maintenance and upkeep of the new fields. She thanked the Turn 2 Foundation for their generous donation.

B. Easement Agreement
Mr. Start read the recommendation for the approval of the settlement agreement in Consumers Energy Company v School District of the City of Kalamazoo, 9th Judicial Circuit Court for the County of Kalamazoo, Case No. 19-0166-CC.

KPS legal counsel Marshall Grate recommended that the board approve the proposed settlement agreement, easement agreement, stipulation and order for payment of funds, and the stipulated order of dismissal.
MOTION: Moved by Trustee Greschak, supported by Trustee Hill, to approve the recommendation as presented.

Board discussion:
Trustee Greschak asked Mr. Grate for some clarification on the easement.

Mr. Grate noted that some trees would interfere with consumer power transmission lines. He stated that KPS negotiated with Consumers to not cut down trees under 35 feet surrounding Winchell Elementary School.

Trustee Harrison asked Mr. Start if KPS would be able to replant trees on that property.

Mr. Start stated that it depended on where and how high the trees were likely to grow. He noted that if trees or shrubs stayed under 35 feet KPS could plant both.

President Sholler-Barber stated that there would be no harm or concern for student safety at Winchell Elementary.

Disposition: Roll call vote: motion carried, 6-yes, 0-no, 0-abstentions.

C. Partnership Agreement with Michigan Department of Education (MDE)
Assistant Superintendent Cindy Green stated that during the spring of this year, the Michigan Department of Education developed guidelines for the final evaluation of the KPS-KRESA-MDE Partnership Agreement. She explained that the guidelines would provide greater clarity in how the agreement would be evaluated in May of 2020.

Ms. Green stated that in addition to the guidelines, the Michigan Department of Education was providing the opportunity for schools to make amendments to their original agreements. She noted that KPS recommended the amendment to have nine process goals including implementation of the K-5 science curriculum, implementing diverse classroom library sets, and increasing family activities in the schools.

Ms. Green explained that the product goals would be measured by local data and state data points measured in thirds. She noted that KPS was recommending to increase the number of product goals from five goals to twelve goals. Ms. Green shared that these product goals included having separate goals for reading and math, improving school climate, decreasing student suspensions, and increasing the number of books read in the diverse classroom library sets.

Ms. Green recommended that the board approve the KPS-KRESA-MDE Partnership Agreement Amendment.

MOTION: Moved by Trustee Morris, supported by Trustee Harrison, to approve the recommendation as presented.

Disposition: Roll call vote: motion carried, 6-yes, 0-no, 0-abstentions.

Board discussion:
President Sholler-Barber asked Ms. Green how many people were a part of the original partnership committee.
Ms. Green stated that the original partnership development team consisted of teachers, principals, central office staff, and board and community representatives. She noted that former State Superintendent Brian Whiston and other MDE staff had also been part of the meeting as well.

Ms. Green stated that the balanced calendar was not a part of the amendment but had been an initiative KPS began last year to reduce the number of days that children would not be in school. She noted that there were frequent breaks throughout the school year which had been very favorable for school climate and achievement on the NWEA/MAP scores.

Trustee Harrison asked Ms. Green to speak on the individual reading improvement plans in regards to preparing our students for the new third grade reading law and what kinds of family educational activities would be offered.

Ms. Green stated that the reading improvement plans were for K-3 students who were below grade level. She noted that these improvement plans would be implemented in the upcoming school year. Ms. Green explained that reading interventions would be put in place right away when a student was struggling. She noted that KPS would work closely with the NWEA/MAP data to target the specific skills on which the student needed assistance. Ms. Green shared that both The Woodward School for Technology and Research and Washington Writers’ Academy had done a good job encouraging parents to be at school for family nights, reading nights, and math game nights. She stated that the schools had asked community resources to come to their schools to help teach parents how to work on specific skills for their children.

Trustee Moore expressed her appreciation for the additional process goals. She asked Ms. Green if KPS had any indication from the state what reduction of suspensions were wanted.

Ms. Green stated that the partnership agreements were designed by KPS. She noted that the state was looking to see if KPS could prove that they had met the goals. Ms. Green shared that as long as KPS was meeting the goals they had set that the state would give them credit for it.

D. Update on Proposed Resolutions
Mr. Start thanked Ms. Green for her work on the partnership agreement. He noted that the partnership agreement was good for all parties involved.

Mr. Start stated that at the July 25 board meeting Trustee Moore had recommended two resolutions related to ICE and detention centers. He noted that KPS was working with legal counsel on these resolutions.

E. Superintendent Search Committee Recommendation
President Sholler-Barber stated that the board had held an advance meeting on July 23. She explained that at that meeting the committee had presented four search firms to the board; Hazard, Young, Attea, & Associates, Michigan Association of School Boards, Ray and Associates, Inc., and SCHOOL EXEC CONNECT.

Trustee Greschak stated that the committee recommended three superintendent search firms to invite for public interviews on August 13 at 6:15 p.m. in the KPS board room. He noted that the three firms were Hazard, Young, Attea, & Associates, Michigan Association of School Boards, and Ray and Associates, Inc.
MOTION: Moved by Trustee Greschak, supported by Trustee Moore, to approve the recommendation as presented.

Disposition: Roll call vote: motion carried, 6-yes, 0-no, 0-abstentions.

Board discussion:
Trustee Greschak stated that all of the recommended search firms were experienced with school districts the size of KPS. He noted that they were all skilled at guiding the board and the public with this process. Trustee Greschak stated that KPS was in a good position and that the board wanted to find the firm that was the best fit for KPS.

President Sholler-Barber explained that the board had requested that the person from each search firm doing the presentation be the person that would be working with the board throughout the selection process.
