

Dear Families,

Welcome back to the greatest school on Earth! I am honored to be a part of your child's learning experience. This is the first of many communications you will receive during this unprecedented time. My goal, however, is not to overwhelm you. Our fifth grade team is working hard to construct and coordinate your child's classes. I am teaching our fifth graders English Language Arts (primarily read & writing) and social studies; Mrs. Morgan is teaching math and science.

I hope to virtually meet families and students soon. It is my primary purpose to assist your child with the highest quality education. I will work with you in every way possible to be sure this happens! Please feel free to contact me with questions or concerns: [gannjl@kalamazoopublicschools.net](mailto:gannjl@kalamazoopublicschools.net). Thank you in advance for your support with your child's education!

Your partner in learning,  
Ms. Gann
