## Meet the Tutor

### Mrs. Finch

Hello, Panthers!

### About me:

I'm Mrs. Finch and this is my 5<sup>th</sup> year as a Title 1 tutor. I have a degree from WMU in graphic design and art education. Before raising my four children, I worked in advertising and then taught high school commercial design. When my children were in school, I went to work for the Kalamazoo Public Library and SLD Read. I think written and visual communication is SO powerful and is found everywhere we look.

I want to help our students grow a strong foundation in reading and writing and open a world for them to explore! It's true what they say.....

***READERS HAVE SUPER POWERS!!!***
