Meet the Tutor

Mrs. Poe

About me:

Hi, my name is Daloma Poe, and I have been a tutor at Milwood Elementary for three years, and a guest teacher for over a year. I am currently going to school to get my degree in elementary education. I have four children, three of which currently attend Milwood Elementary.

I enjoy working with kiddos in reading, writing, and math in a small group setting. This is when I really get to know and love your child. I look forward to trying new things and finding new ways to help your kiddos learn. My experiences will only add to my tool kit for my own future classroom. I can't wait to see what this year brings!
